CLYMACT

ClymAct Together: A Climate Kick-Off for All!  
YOU'RE INVITED!

Join us online for the launch event of CLYMACT – Creating Local  
Youth and Municipalities' Alliances for Climate ACTION, on April 29  
2025, from 10:00 to 13:30 CET.

CLYMACT, co-funded by the EU under the **CERV** programme, fosters  
collaboration between **young people** (18–30) and **local governments**  
to tackle urgent environmental issues such as sustainable mobility,  
energy and food poverty, waste management, and climate action.  
*This event will introduce the project, its activities, and **opportunities for  
youth and local stakeholders**, kick-starting a shared transnational  
journey for **climate action**.*
